

# MICHAEL MESSAGES

## PART VI.

*to be published on Thursday, September 16*

*Human being,  
let me address your spirit.  
You are free.  
Decide freely for yourself.  
It is a potential step  
that reveals itself to you  
here in contact with Gaia.  
Christ in you -  
Peace awakens,  
the new becomes accessible.  
(Michael)*

- Imagine the human being as a cosmic spinning spindle.
- Imagine the upper point as high as you can reach above your head.
- The lower point is in the Earth just below your feet.
- The axis that connects both points, representing Heaven and the Earth, runs along your backbone.
- Decide in which direction you want to spin.
- Do it in your imagination departing from both extreme points of the axis.
- Your heart-center, with the decisive role, is centered between the two points.
- At the level of the heart, the spinning expands horizontally, while both points of the vertical axis grow high and deep to gradually reach infinity on both sides.
- The horizontal waves - a result of the spinning movement - touch all beings close and distant with the love of your heart.
- They touch beings of nature and elemental worlds of Gaia; they touch your fellow human beings.
- They inspire them to reconnect with the Earth and Heaven in their own hearts.
